"*Dreams & Visions* is an exhibition where reality is imbued with a beautiful sense of mystery blurring what one perceives to be real" says juror, Javier Chavira, Associate Professor of Art at Governors State University.

Artists create art using the full spectrum of human emotion, experience and imagination in a dazzling array of materials. Viewers will be delighted by "*Dreams & Visions*" an exhibit which is a treat for the senses a medley of colors, textures, cultures, and ideas. For the Spring National Juried Art Event Chavira chose 58 works of art to represent the theme "*Dreams & Visions*". Eleven artists hail from the state of Illinois and 33 artists represent 22 states.

Visit the exhibit online at ["Dreams & Visions"](#)

In conjunction with opening night of "*Dreams & Visions*" is Open Studio Night at Union Street Gallery. Sixteen artists from St. John, Indiana to Frankfort, Illinois practice their craft in art studios and welcome the opportunity to meet the public. Art is for sale in the studios, as well as the gallery.
